ANSE DE CANELLE

corsica - FRANCE - under construction

left: aerial view - top & down views of the project

The resort is nestled into the rolling hills overlooking the ocean, an area of great natural value. The integration of a green roof creates buildings that almost become invisible with its surroundings. It allows each villa to have an extra green garden space where one can enjoy the spectacular views of the bay.

DANCING TOWERS HOTEL

dubai - UAE - 2013 concept

Two towers that “dance together”.

This is the philosophy behind this project, thought to be built on an artificial island surrounded by the ocean and connected to the city.

The luxury hotel with its panoramic centered terrace allows a 360 degree view of the surrounding landscape.

panoramic hall

view of the tower

RAS AL KHAIMAH TOWER

ras al khaimah - UAE - 2013 concept

Project for an iconic panoramic tower.

The last floors host a luxurious hotel and it's facilities, while the first floors have a thematic apart hotel with large spaces for artistic events, show rooms, workshops, temporary events and exhibitions.

The top floor has a luxurious restaurant with a turning terrace that offers a 360° view.

TEE 10 GOLF JESOLO RESORT

jesolo - ITALY - under construction

The project covers an area of 18,000 m² with volumes arranged in an arch-shape and placed along a central golf course.

All the units have views overlooking the golf courses and swimming pool area.

Great respect has been taken to the environment being situated within a park with a Venetian lagoon.

HOTEL LA TAFNA

wilaya de tlemcen - ALGERIE - 2013
concept

Proposal for the renovation of a hotel part of the
'Tourist Management of Tlemcen' group.

The project is part of a process of modernization
of 6 hotel facilities related with hammam, and
has a common philosophy of preservation
of tradition combined with the most modern
techniques in terms of energy savings while
giving each structure a unique aspect.

HAMMAM BOUGHRARA

the facade

HAMMAM BOUGHRARA

wilaya de tlemcen - ALGERIE- 2013
concept

Proposal for the renovation of a spa area part of the 'Tourist Management of Tlemcen' group. The area includes hotels, bungalows, restaurants, sports areas, shopping center. With the use of new technology systems and new coatings, which are applied to the existing structure, it can become an example for the global marketing entity EGTT.

LOTUS HOTEL

dubai - UAE- 2013 concept

Located on an artificial island, this luxury hotel includes exclusive boutiques, a spa area, gyms, restaurants and bars.

The building integrates with its surroundings thanks to its wavy shaped roof reminiscent of the ocean's waves.

All aspects of design and function have been carefully studied in order to provide the highest level of comfort.

BUSINESS HOTEL

saletto - ITALY - 2010 proposal

Project for one business and directional hotel, being a central part in a wider project of the new master-plan of the city and surrounding areas.

WORK ARCHITECTS

WORK ARCHITECTS is a permanent laboratory of architecture where the main objective is to guarantee the high level of professional quality of the architects.

The intricate weaving of competences and the variety of interdisciplinary collaborations creates the unique community of resources necessary for the creation of the complete architectural projects that we offer. It is also at the core of the spirit of who shares this ambitious plan.

The members of the group are stimulated to improve their own specific skills and at the same time being inspired by the different work groups competences. The intricate web of knowledge and capability both within the WORK ARCHITECTS group and beyond is part in being part of an incomparable asset.

GEOSS ENGINEERING

The partnership was founded in 1998 to organize the architectural complexity of the production process and to increase the control on quality of the overall project.

Since then it has been coordinating many works as:

- Planning of territory, either in large scale or in effective works
- Engineering works within architectural and technological projects
- Leadership of complex works and quality control on projects and fulfilments

ARCH. RENZO GENNARO
senior partner & founder

bolzano, march 2003 : inauguration of the office
